

COMPETITION RULES - AUSTRALIAN AXEMEN'S ASSOCIATION

THESE RULES APPLY TO ALL WOODCHOPPING AND SAWING COMPETITIONS CONDUCTED BY OR UNDER THE AUSPICES OF:

- The Australian Axemen's Association (AAA),
- Any State Axemen's Association that is a member of the AAA (in these Rules called a SAA),
- Any local, district or regional association that is a member of a SAA - in these Rules called a Local Association),
- Any Royal Show Society that adopts these Rules as applying to a Competition conducted by such a Society.

Note: words that are capitalized are defined under **Definitions** or in the body of the Rules.

KNOWLEDGE AND BINDING EFFECT OF RULES

1. It is the responsibility of all Competitors to be thoroughly conversant with these Rules. Ignorance of any Rule is not an excuse.
2. At a Competition, these Rules are binding on all persons present, including persons who are not a Competitor.

RISK WARNING

3. The sport of woodchopping and sawing is very strenuous. Axes and saws are also very sharp and could inflict serious personal injury (including death). As such, participation in a Competition may pose a risk to the health and wellbeing of a Competitor. By entering a Competition, each Competitor is representing to the Committee that he is fully fit, sufficiently experienced and capable of safely participating and has not been advised otherwise by a medical practitioner.

INDEMNITY

4. By entering a Competition, each Competitor agrees that he is present at and competes in the Competition entirely at his own risk. Each and every Competitor at a Competition releases, indemnifies and holds harmless the Committee, the AAA, each SAA, each Local Association and each Royal Show Society that adopts these Rules, in respect of all claims, costs, demands, liabilities and proceedings arising out of or in any way related to the Competition or anything arising therefrom or connected therewith, including as a result of negligence.
5. The indemnity by a Competitor in Rule 4 extends to and applies for the benefit of the Committee, the AAA, each SAA and each Local Association in respect of any claim, costs, demands, liabilities and proceedings by or on behalf of a person (whether or not that person is a Competitor) who suffers loss, damage or injury arising out of or in any way related to any act or omission (whether or not intentional or accidental) by the Competitor.

ENTRIES

6. A person is not eligible to enter a Competition unless that person is, at the date of entry:
 - (a) a paid up member of a Local Association , or

- (b) in the case of a person normally residing outside of Australia, is a paid up member of an association representing participants in the sport of woodchopping and sawing that is recognized as such by the AAA and, if applicable, by the relevant Royal Show Society.

(See also Rule 81)

7. 1. If a Royal Show wishes to refuse a competitor entry to a show they must first provide the details of reason for the proposed action and obtain permission from the AAA. The AAA will respond within 14 days.

- (a) All other shows and carnivals must take the same action with the Local or State Association as is applicable.

- (b) If the AAA approves the action they also reserve the right to provide additional penalties if they believe the situation warrants

8. An Entry Form will not be accepted unless accompanied by the prescribed entry fee.

9. If a Competitor seeks to enter an Event for which the Competitor is not eligible, the entry fee will be refunded.

10. Whether before or after the closing date for entries:

- (a) the number of Competitors in any Event may be limited,

- (b) the order in which Events are conducted may be varied.

11. If an Event has an age restriction, the Entry Form must be accompanied by a copy of the person's birth certificate, or such other proof of age as may be acceptable to the Committee.

PERFORMANCES INFORMATION

12. If required by the Committee, a Competitor must submit with his entry particulars of his last 6 performances, failing which the entry will be rejected.

13. If required by the Committee, a Competitor whose entry for a Competition has been accepted must also submit particulars of all performances since the date on which the entry was submitted.

14. A Competitor who fails to comply with Rule 13 may be Disqualified from competing at the Competition in question.

REGISTERED EVENTS

15. Except as provided in the following Rule, a person must not enter or compete in an Unregistered Competition. Any person acting in breach of this Rule may be Disqualified from competing in any Competition for such time as the relevant SAA determines.

16. Rule 15 does not apply to a demonstration of woodchopping or a charity competition that has been approved as such by the relevant SAA, or to such other competition as the SAA may determine.

HANDICAPPING

17. Competitors in Events conducted in heats or divisions shall be handicapped at the discretion of the Committee or, if appointed, the Handicapper.

18. Handicaps will be determined on the basis of form, inherent ability and performances and such other information as may be deemed by the Committee, or Handicapper, to be relevant.
19. The decision of a Committee, or a Handicapper, in respect of a Competitor's handicap is final and may not be challenged, the subject of a Protest or called into question by any person.
20. To the extent practicable, information concerning heats or divisions and applicable handicaps will be publicized on a notice board in the vicinity of the Handicapper's office or work area during the day before a particular Event is scheduled to take place.
21. The handicap of a Competitor may be adjusted at any time during the course of a Competition in such manner as the Committee or, if appointed, the Handicapper considers appropriate.
22. Handicaps are to be calculated to the nearest second.
23. The minimum handicap for a Competitor is 3 seconds.
24. Despite Rule 20, it is the sole responsibility of the Competitor to be aware of his handicap.

NOTIFICATION OF EVENTS ON THE DAY

25. To the extent reasonably practicable in the circumstances, Competitors will be notified, via a public address system, if available, approximately 10 minutes before an Event is due to commence.
26. The Committee reserves the right to alter the published start times for Events, and any such alteration on the day of the Competition will be notified to Competitors as provided in Rule 25 or in such other manner as may be in use at the Competition.
27. Despite Rules 25 and 26, it is the sole responsibility of the Competitor to be aware of the time Events are due to commence.
28. In the event of wet weather or other sufficient reason, the Committee may postpone or cancel any Event and any Competition. In the event of any such cancellation or postponement, the Committee may, in its absolute discretion, refund all or part of the entry fees paid by Competitors or may apply those fees towards the cost of entry to a subsequent Competition.

SCRATCHING

29. Scratchings must be notified to the Committee, or Handicapper, no later than 1 hour before the Event in question is scheduled to commence.
30. Unless the Committee decides otherwise, a Competitor who scratches from, or fails to compete in, or complete, an Event is not entitled to any refund of entry fee.
31. Unless the Committee decides otherwise, a Competitor who scratches from a heat after the handicaps applicable to that heat have been made public cannot compete in another heat for the same Event.

NON-APPEARANCE OF COMPETITOR

32. A Competitor who has not scratched but who fails to appear for an Event at the time the Event is due to commence forfeits the entry fee paid in respect of that Event and at the discretion of the Committee, may be liable to the following additional penalties:
 - (a) for a heat, \$50

- (a) for a final or semi-final, \$100
 - (b) for a Championship, \$200.
33. (a) A Competitor who gains a place in an Event and does not appear for the presentation of Awards is liable to a penalty of \$200.
- (b) At a Competition conducted by a Royal Show Society, a Competitor who is requested, or required, to attend a presentation of Awards, or any other form of presentation, but does not attend, is liable to a penalty of \$200.
34. The penalties provided for in Rules 32 and 33 are payable forthwith. Until such penalty has been paid, the Competitor is automatically Disqualified from competing in any further Events at the Competition or any other subsequent Competition .
35. Any penalty suffered by a Competitor that is not paid may be deducted from any prize money that the Competitor may have won.
36. Rules 32 and 33 do not apply when the Competitor's non-appearance is due to injury, illness or other good and sufficient reason that the Committee, in its sole discretion, may accept.

DRESS

37. Unless determined otherwise by the Committee, all persons competing (or, in the case of a Deputy or a Wedger, assisting) in an Event must be dressed as follows:
- (a) long white trousers;
 - (b) boots or shoes of any colour
 - (c) a singlet which must be white or such other colour and design as the Committee provides or in its discretion considers appropriate, having regard to the Event in question.
38. All Competitors, Deputies and Wedgers must at all times keep their Dress in a clean and tidy condition. A Competitor, Deputy or Wedger whose Dress is not clean and tidy may be directed to change his Dress.
39. A Competitor who fails (or whose Deputy or Wedger fail) to comply with Rules 37 and 38 may be scratched from any Event in question by the Committee.
40. All Officials at a Competition whose responsibilities require them to enter the Arena must be dressed as provided in Rules 37 and 38, unless the Committee has prescribed a different dress code for Officials at the Competition in question.
41. Each Competitor who gains a place in an Event and is by these Rules required at the presentation of Awards must be dressed as required by Rules 37 and 38. A Competitor who is not so dressed may be penalized 10% of any prize money won by the Competitor in the Event in question.
42. At a presentation of Awards, a Competitor must not hold or display any thing relating to any sponsorship or other support the Competitor may have received, except as expressly permitted by these Rules.

SPONSOR LOGO

43. A Competitor's private sponsor's logo may be worn on jackets and singlets but must be no larger than 100mm x 100mm and be worn on the left front side of jackets or singlets or on the left arm of the jacket.

44. A Competitor's private sponsor's logo may also be worn on the left leg (in the thigh region) of the Competitor's trousers, and also on the right leg (in the calf region), provided that the logo is affixed to the trousers in the vertical position and does not exceed 100mm x 250mm.
45. If the Competitor is a member of an Australian Team, a logo indicating that status may be worn as provided in Rule 43.
46. The Committee may require a Competitor, at a presentation of Awards, to wear on his Dress an insignia, logo or wording relating to any sponsorship.

43-46 replaced with

1. Singlets provided to axemen for competition must provide an area for individual sponsor logo no smaller than the current 100mm x 100mm on either side on the chest and an additional 150mm x 300mm horizontal panel of the back of the shirt with the lowest section at least 150mm from the bottom of the garment.
2. Embellishments and logos on competition pants are to be restricted to four areas of 150mm x 400mm on the lateral thigh and lateral calf of each leg. The placement and use of the logos should be such that the pants retain a predominantly white appearance.
3. Logos (including the existing logos on the shirt) must have a minimum 15mm clearance around all marks.
4. Any additional embellishments such as sponsor logos are the athlete's sole responsibility. This can only be undertaken following distribution of the singlets.
5. No embellishments are to be printed over existing embellishments and logos on the shirt.
6. Australian representative axemen are permitted to place a rectangular Australian flag measuring 80mm x 40mm on their competition singlet provided the placement follows the guidelines outlines and that the placement of this embellishment has been approved.
7. Logos representing tobacco, spirits and products containing any substance on the WADA prohibited list are not permitted.
8. Both political (i.e. the promotion of any political parties, associations, movements, ideas or any other political cause) and religious or anti-religious advertising and logos are prohibited.
9. Polo shirts/t-shirts/jackets of any promotional material provided it complies with Rule 8 and 9, is not of an offensive nature and will not damage the image of woodchopping in anyway may be worn at all other times in the ring other than during competition and when participation in presentations.

SETTING UP OF LOGS

47. Competitors have sole responsibility for the correct, safe and secure setting up of logs. A Competitor may delegate the task, but not the responsibility, of setting up to a Deputy.
48. In respect of a Tree Felling Event:
 - (a) the Competitor is solely responsible for safely and securely affixing the log to the tree;
 - (b) the Committee is solely responsible for ensuring that the tree is safely secured in the device holding the tree upright.

49. If any Official considers that a log has not been correctly, safely and securely set up, that Official may require the Competitor to forthwith re-set the log (for which a reasonable time will be allowed). A Competitor who does not promptly comply with this Rule may be Disqualified by the Official from the Event in question.
50. Competitors (or a Deputy who is assisting the Competitor with setting up the log) must be at their log in sufficient time to complete setting up before the time at which the Event is scheduled to start.
51. Competitors in Underhand and Standing Block Events must set up their logs so that they finish the contest facing the Judge (unless directed otherwise by the Official in Charge)
52. In the case of a Tree Felling Event, Competitors must set up their logs at least 45 minutes before the scheduled Start Time (or such other time as the Committee in its discretion may direct).
53. In the case of all other Events (except Tree Felling) and to the extent practicable, the log must be completely set up no less than 5 minutes before the scheduled Start Time.

THE DRAW

54. Logs will be numbered and will be allocated by lot drawn by an Official in the presence of a Competitor for the Event concerned or, if no such Competitor is immediately available, a Competitor in another Event.
55. The draw will be conducted in such a manner that the result is random. The result of the draw may then be transcribed onto a card or label and affixed to the appropriate log. Alternatively, the result of the draw may be written on the log.
56. A Competitor may only chop, or saw, the log drawn for that Competitor. A Competitor who changes, or attempts to change, the log allocated to that Competitor, without the prior approval of the Official in Charge, is immediately Disqualified from all Events in the Competition (including Events already conducted at that Competition, in respect of which the Competitor also forfeits any Award won).
57. In relay Events, where logs are the same size, Competitors may choose which logs they cut in a particular manner.

LOGS

58. All logs intended for use in a Competition are and unless sold pursuant to the following Rule, remain the property of the Committee.
59. Subject to Rule 66, if a log is for any reason not required for an Event or for the Competition, it may be purchased by a Competitor for practice or testing.
60. Any logs not sold to a Competitor pursuant to Rule 59 may be sold or disposed of by the Committee in such manner and to such persons as the Committee deems fit.
61. Logs may be of any variety of timber approved by the Committee and the variety, or any particular log, may (subject to Rule 62) be changed by the Committee without notice.
62. Different varieties of timber may be used for individual Events, save that for each particular Event, all the logs must be from the same tree.
63. Logs used in a Competition must comply with the following provisions:
 - (a) logs must be measured by diameter and not by girth or circumference;

- (b) a diameter that is as uniform as practical within a tolerance of plus or minus 2mm (save for Championship Events, where the tolerance is reduced to plus or minus 1mm);
 - (c) a minimum length of 610mm for logs intended for chopping;
 - (d) in the case of logs intended for sawing, logs of any length may be used, as determined by the Committee, provided that 50mm (or such greater amount as the Committee in its discretion may decide) is allowed per cut.
64. All measurements are to be undertaken with a metal tape measure graduated in metric measurements, with all measures being correct within 1mm. Approved diameter measurements are 250mm, 275mm, 300mm, 325mm, 350mm, 375mm, 400mm, 450mm, 500mm, 600mm and 750mm.
65. Any dispute or difference relating to the logs must be notified to the Official in Charge prior to the commencement of the Event in question. The Official in Charge will make a decision in respect of the dispute or difference, which decision is final and binding and not subject to appeal or Protest by any person.

PRACTICE

66. A Competitor:
- (a) must not practice or test an axe or saw in the Arena;
 - (b) may only practice or test an axe or saw on a log that the Competitor has first purchased, as provided by Rule 59 above.
67. A log may not be removed from the Arena before the Event in respect of which the log was intended.

PERSONS ALLOWED IN ARENA

68. During the setting up of logs for an Event, the only persons permitted into the Arena are:
- (a) the Competitor in the Event in question;
 - (b) only one other person who is acting as the Deputy for a Competitor,
 - (c) Officials,
 - (d) guests of Officials.
69. Principal responsibility for ensuring compliance with Rule 68 rests on the Competitor. A Competitor who fails to assist an Official in the enforcement of Rule 68 may be scratched from the Event in question by the Official in Charge.
70. During the conduct of an Event, the only persons permitted into the Arena are:
- (a) the Competitor;
 - (b) in the case of a sawing Event, the Wedger for a Competitor competing in that Event;
 - (c) in the case of a Tree Felling Event, the board puller for a Competitor;
 - (d) in the case of a Junior Event, a coach or parent or guardian as provided in Rule 100;
 - (e) Officials.

71. In sawing Events, the Wedger must not enter the Arena before the Competitor for whom he is acting as Wedger has been called for the Event. A Wedger must comply with the dress Rules that apply to a Competitor (see Rules 37 and 38 above).
72. At the end of an Event, no person other than an Official may enter the Arena until the "all clear" is given.
73. At the end of an Event, no person (including a Competitor) other than an Official shall approach a Competitor or inspect the Equipment or the log prior to the "all clear" being given,
74. A Junior or Novice Competitor is only allowed in the Arena for setting up and cutting a log for their Event, unless special permission to be in the Arena on another occasion has been provided by an Official.
75. Except as provided in Rules 68 to 74 above, no person may enter, traverse or remain in an Arena, unless that person is undertaking a specific task at the direction of the Official in Charge.

AXES AND SAWS

76. Unless immediately required for use in an Event, axes and saws must at all times be covered on the cutting edge in such a manner that injury to any person cannot occur.
77. All axes must be
 - (a) securely pinned with at least one 3mm pin that protrudes continuously through the axe head and axe handle and thus secures the handle to the axe and
 - (b) upon demand by an Official, immediately produced for inspection by any Official.
78. Any non-compliance with Rule 77 will result in:
 - (a) the immediate Disqualification of the Competitor concerned for that day of Competition (including in respect of Events in which the Competitor may already have competed on that day);
 - (b) forfeiture of an Award already won by the Competitor at the Competition;
 - (c) the imposition of such fine, being no more than \$200, as the Committee considers appropriate in the circumstances, which fine is payable forthwith; and
 - (d) the Competitor being ineligible from competing at any Competition until such time as the Competitor has satisfied the Committee and the relevant SAA that all axes brought, or that may be brought, into an Arena by the Competitor have been satisfactorily pinned.
79. Except in the case of hard hitting (refer Rule 111), axes:
 - (a) must be of a type approved by the Committee,
 - (b) must be of conventional type with one continuous cutting edge,
 - (c) otherwise may be of any weight or blade width.

STARTING

80. A Competitor who starts cutting before the Start Time will be Disqualified. The decision of the Judge on this question is final and no appeal or Protest is available.

COMPETITION

81. Notwithstanding compliance with Rule 6, a person is not eligible to compete unless as at the date of the Competition:
 - (a) if normally resident in Australia, the Competitor is a registered and duly paid up member of a Local Association, or
 - (b) in the case of a Competitor normally resident outside of Australia, the Competitor produces, on demand, documentary evidence that he is a paid up member of an association representing participants in the sport of woodchopping and sawing that is recognized as such by the AAA and, if applicable, the relevant Royal Show Society.
82. Woodchopping and sawing contests will be conducted in heats, semi-finals and finals, or as otherwise determined by the Committee having regard to the number of Competitors.
83. Competitors in heats must continue chopping (or sawing) until at least 3 other Competitors have severed their logs. A Competitor who fails to adhere to this Rule may be subject to Disqualification or such other penalty as the Committee decides, unless the Judge is satisfied that the Competitor is suffering from exhaustion, or has a damaged axe or saw, or should be excused for other sufficient reason.
84. Before the Start Time, neither a Competitor nor his Deputy, nor any other person, is permitted to make any mark with an axe or saw on the log, provided that in an Underhand Event the Competitor (or his Deputy) may make a foothold and in a Standing Block Event, a doghold. Breach of this Rule will result in Disqualification. This Rule does not apply in the case of certain Junior level Events - see Rule 103.
85. Pushing or pulling the log with an axe, or pushing the log with a foot or hand including the application of undue pressure to the loose (ie unfixed) end after the last blow has been delivered by raising the foot and kicking downwards, forwards or backwards, will result in Disqualification.
86. Except when setting up and securing a log, a Competitor must not cut or trim the log, or hit it with any part of the axe.
87. Logs may be washed but only with water and may also be brushed. Any bark may be removed but only with the back of an axe.
88. Axes and saws must completely sever logs into at least 2 parts.
89. During the conduct of an Event, no person may render physical assistance of any kind to a Competitor, except in the case of injury to or illness of the Competitor (having first obtained permission from the Official in Charge or the Judge), or in an emergency.
90. At the completion of chopping or sawing, Competitors must remain at their logs until the "all clear" is given.
91. Other than in the case of Tree Felling:
 - (a) the Judge has a discretion to direct a Competitor in any Event to cease competing after 2 minutes from the Start Time, or at any time if in the opinion of the Judge the Competitor appears to be unwell or in undue distress;
 - (b) despite (a), a Competitor who has not completely severed his log within 3 minutes from the Start Time may be directed by the Judge to cease chopping or sawing.

A direction by the Judge pursuant to (a) or (b) above may not be the subject of a Protest or appeal of any kind.

92. Rule 91 applies in the case of Tree Felling, except that the times are altered to 8 minutes and 12 minutes respectively.

JUNIOR LEVEL COMPETITORS

Categories of Events

93. Events, in which a Junior may compete, may be categorized as follows:
- (a) **Division A** - in which only a person who has attained the age of 5 years but has not, as at the date of the Competition, attained the age of 13 years may compete;
 - (b) **Division B** - in which only a person who has attained the age of 13 years but has not, as at the date of the Competition, attained the age of 18 years may compete.
94. Despite Rule 93(a), a Local Association has the non-delegable responsibility of ensuring that in respect of Events at Junior level conducted by that Local Association, every Competitor has the required experience, skill and ability to participate in the Events in a manner that is safe for the Competitor and other persons at, or in the vicinity of, the Competition. If the Local Association is uncertain as to the experience, skill and ability of the Competitor, the Local Association may determine that the ages of 5 and 13 years are increased to such greater age as the Local Association considers is appropriate, having regard to the experience, skill and ability of the Junior(s) in question.

Eligibility

95. A person is not eligible to enter a Competition at Junior level unless that person is of an age that falls within either Division A or Division B as set out in Rule 93 and is a member of a Local Association.
96. A person is not eligible to enter a Competition at Junior level unless:
- (a) the person's Entry Form requires the provision of all the information set out immediately below and that information is in fact provided in or attached to the Entry Form, and
 - (b) the Entry Form is signed by the person seeking to compete and countersigned by a person purporting to be a parent or lawful guardian of the person.

The information required by this Rule 96 is as follows:

- Proof of the age of the person in question - either by supplying a copy of the person's birth certificate or such other document, issued by a department of government, which shows the person's age;
- Particulars of the person's experience with an axe or (if applicable) saw, such as to demonstrate that the person has achieved either through training, coaching or experience, a level of competency that should enable the person to compete at Junior level without injury to himself or any third party;
- The weight of the axe that the person is permitted to use, as determined by the Local Association of which the person is a member;
- A statement by the person purporting to be a parent or lawful guardian of the person,
 - (i) acknowledging that in the case of accident or injury to the Competitor, responsibility rests solely with the parent (or guardian, as the case may be) and not the AAA, the relevant SAA or the Local Association, or the Committee, and

- (ii) pursuant to which that parent or guardian (as the case may be) agrees to indemnify the AAA, the relevant SAA, the Local Association and the Committee against any claim of any kind or description by or on behalf of the person.

The acknowledgment and indemnity in this Rule 96, together with the provisions of Rules 4 and 5, apply notwithstanding that an Entry Form may not have been provided in respect of the Competition, or of the Event in question, or that any such any Entry Form provided does not comply with the requirements of this Rule 96.

Dress

- 97. in addition to complying with Rule 37 in relation to Dress, a person may compete at Junior level only if the person wears chain mesh socks and if so decided by the relevant SAA or Local Association, or by the parent or guardian of the person, leggings. A person who does not comply with this Rule is automatically ineligible for the Event in question and will not be allowed to compete in that Event. Further, if a person competes in an Event in breach of this Rule, the person is not eligible for any Award in respect of the Event and will be deemed to have finished last.

Competency (Junior and Novice level)

- 98. Notwithstanding that an entry from a person seeking to compete at Junior or Novice level has been accepted, the Judge or the Official in Charge may require that before the person is permitted to compete, the person demonstrates sufficient competency in respect of the Discipline in question. If for any reason it is considered by the Judge or the Official in Charge that the person is insufficiently competent to be allowed to compete in an Event, that person is automatically ineligible to compete (in which event the entry fee paid by or on behalf of that person may be, at the discretion of the Committee, refunded).
- 99. If during the course of an Event at Junior or Novice level the Judge or the Official in Charge is of the opinion that the Competitor is not displaying sufficient competency or is exhausted or in such a physical state that the Competitor ought not be permitted to continue, the Competitor must, if directed by the Judge or Official in Charge, cease chopping (or sawing, as appropriate). A Competitor who fails or refuses such a direction from the Judge or Official in Charge is automatically ineligible to compete in any subsequent Events at the Competition.

Competition

- 100. (a) During the conduct of a Division A Event, either the coach or a parent or guardian (in each case being a paid up member of a Local Association) of that Junior Competitor must be present in the Arena, but must at all times during the Event:
 - (i) remain in such place within the Arena as the Judge or the Official in Charge nominates.
 - (ii) conduct himself in an orderly and appropriate manner.
 - (b) A person who does not comply with paragraph (a) must, if so directed by the Judge or Official in Charge, forthwith leave the Arena, failing which the Competitor may be directed to cease chopping (or sawing, as appropriate) and/or may be Disqualified. Where a person concerned has left the Arena, the Judge may, at his discretion, permit a substitute to enter the Arena.
 - (c) In the case of a Division B Event, a coach or parent or guardian of the Competitor may, at their option, be present in the Arena. In all other respects, paragraphs (a) and (b) apply.
- 101. A Junior Competitor who is competing may only use an axe not exceeding a weight that has been determined by the Local Association of which the Junior Competitor is a

member. However, if it appears to the Judge or the Official in Charge that the axe is too large or heavy for the Competitor, the Competitor may be directed by the Judge or Official in Charge to use a different axe that is more suited to the Competitor.

102. Rule 73 applies.

103. In the case of a Division A Event, the Judge or the Official in Charge may, at their discretion and despite Rules 84, permit the Competitor (or a coach, parent or guardian in the Arena, in each case being a paid up member of a Local Association) to make a small starting or guiding cut in the log before the commencement of the Event.

SLABBING

Note: (a) Option A below automatically applies to a Competition, unless the relevant SAA determines and announces prior to the Competition, that option B will apply.

(b) Option B cannot apply to an Australian or World Title Event (except in the case of such an Event conducted by a Royal Show Society)

(Option A)

104. It is the responsibility of the Competitor to take precautions to prevent slabbing. A Competitor who cuts a Slab from their log is liable to Disqualification. However, the Competitor will not be Disqualified if they sever the slabbed piece of timber without assistance from any other person and before the next Competitor is finished and before the "all clear" is given. This Rule also applies in the case of an unsevered splinter, if the splinter does not exceed 12mm in thickness in its greatest dimension at the saw cut, foothold or doghold end: however, this exception does not apply if the log is held together by that splinter, irrespective of how thin the splinter may be.

(Option B)

105. Rule 104 above applies. However, should a Competitor take precautions to prevent slabbing and such precautions are deemed adequate by the Official in Charge or his deputy, or comply with the method prescribed by the Committee, and a Slab occurs, the Competitor will not be disqualified, unless the Judge is satisfied that the Slab was produced intentionally.

106. Permitted anti-slabbing precautions are:

- Nailing the end of the log,
- Banding the end of the log with wire, strapping or tape,
- Any other method prescribed by the Committee.

HARD HITTING

Title Events

107. All World and Australian championship hard hitting Events must be Restricted Events.

108. A SAA may decide, in respect of a State Title, that a hard hitting Event will be either a Restricted Event or an Unrestricted Event. The decision must be advertised in the program for the Event.

Unrestricted Event

109. Hard hitting may be either a Standing Block, or Underhand, as the Committee decides. The Competitor must completely sever (ie no remaining splinters) the log within 2 minutes

of the Start Time. An Official must not inspect the log before the expiration of 2 minutes, unless the Competitor has indicated that he has finished chopping. The Competitor may not thereafter resume chopping.

110. Despite Rule 105, all Slabs must be completely severed, irrespective of the precautions taken to prevent slabbing. Should a chip be lying in the Scarf in such a way that in the Competitor's opinion it would constitute a risk of injury to the Competitor or a third party if another blow was struck, the Competitor must remove the chip using the back of the axe only. A Competitor who uses any part of his body to remove a chip will incur Disqualification.
111. Axes of any size, weight or shape may be used.
112. A Competitor may rest the axe on the block between blows to assist balance, but in doing so must not touch the Scarf with the cutting edge of the axe: to do so will be counted as a blow.

Restricted Event

113. Rule 109 applies. However, the Committee may alter the 2 minute time period to suit wood types.
114. The axe must be of a type approved by the Committee and must not exceed 3kg in overall weight and the cutting edge must not exceed 180mm in width.
115. A Competitor must not twist or wrench the axe, or remove or break a chip by movement of the axe head, after the Competitor has completed the blow and the blade of the axe has finished its penetration into the wood. Each breach of this Rule shall add an extra hit to the score.
116. Pushing a chip with the nose of the axe constitutes a blow and is counted as a hit.
117. A Competitor will incur Disqualification if the Competitor:
 - (a) touches by hand any part of the Scarf;
 - (b) in the opinion of the Judge, has deliberately split the log.
118. If a chip is lying in the Scarf in such a manner that the Competitor considers it to be unsafe to continue chopping, the Competitor may seek the Judge's permission to remove the chip using only the back of the axe head. Removal of the chip in this manner does not constitute a blow. However, removal of the chip without first having the Judge's permission does count as a blow.

Applicable to both Restricted and Unrestricted hard hitting

119. A chip must be lifted or dislodged from each side of the block.
120. In the event of a tie in the number of hits, placings will be determined by the fastest times.
121. In hard hitting using a Standing Block, the Scarf is to be cut using the conventional method. In particular, the V cut is prohibited.

SAWING

122. Unless the Committee otherwise decides prior to a Competition, saw cuts must be started as close as possible to the front (ie unfixed) end of the log and in any case, must not be more than 50mm from the original exposed edge of the log at the top and bottom sides of the saw cut.
123. Lubricant may be used on a saw prior to and during an Event.

124. The saw cut must saw through the log from one side only. **For the avoidance of doubt, Rules 104 and 105 apply to sawing- “must be able to severed by saw”.**
125. In the case of single handed sawing, the free end of the saw must be free of any handle or any weight device.
126. A Wedger must stand at the opposite end of the log to the saw cut, but must not in any way touch or guide a saw or that portion of the log which is being sawn off. Any breach of this Rule will incur Disqualification for the Competitor and, if applicable, the team of which the Competitor is a member.
127. All saws used by Competitors must be of a type approved by the Committee

TREE FELLING

128. Trimming of sapwood (or deeper) is prohibited unless for special reason and with the prior permission of an Official. Bark fragments may be removed.
129. Cutting of practice board holes in trees erected for Competition is prohibited.
130. Competitors must put 3 boards into a tree above each other in the following manner:
- (a) the first board must be approximately 1 metre from the ground with the toe of the board inserted into a new board hole cut by the Competitor;
 - (b) the second board must be approximately 2 metres from the ground - otherwise as per (a);
 - (c) the third board must be approximately 3 metres from the ground - otherwise as per (a).

From the third board the Competitor must cut the front Scarf, then descend, removing each board to the ground, then ascend on the other side of the tree, placing the boards as provided in (a), (b) and (c) above, and from the third board continue cutting.

131. (a) Logs must not be cut from one side only.
- (b) All boards must be positioned in a board hole without any handling or supporting device.
- (c) The Competitor must not have any attachment from their person to the tree or any device which could assist them to remain on the board, except that a non-skid surface on the upper surface of the board and /or the soles of the Competitor's shoes is permitted.
- (d) A Competitor who cuts into an existing board hole may be Disqualified, unless, within 5 minutes prior to the commencement of the Event, the Competitor has informed the Judge that having regard to the position of an existing board hole, that board hole may be slightly cut into and the Judge is of the opinion that this is reasonable in the circumstances.
132. Two board trees shall be cut in the manner described in Rules 130 and 131, unless the Committee decides otherwise.

UNDERHAND CONTESTS

133. A Scarf must be cut clear of both footholds. A Competitor who cuts into a foothold is Disqualified.
134. A Competitor must only cut whilst standing on the log. If the Competitor is dislodged from their position on the log before the log is completely severed, they must reposition

themselves on the log before continuing to chop. However, a Competitor may get off a log to cut a Slab which may be chopped where it lies or after the Competitor has placed the Slab on the log.

135. The cut must be made by cutting the Scarf on the front side of the log to about half way through, then a Scarf must be made on the back side of the log and chopping continue until the log is completely severed.

STANDING BLOCK CONTESTS

136. A Scarf must be cut clear of all dogholds. A Competitor who cuts into a doghold is Disqualified.
137. Rule 135 applies to this contest. Circumferential cutting of the log is prohibited.

NOVICE CONTESTS

138. A Novice Competitor ceases to be Novice in a Discipline if the Competitor wins an Open Event in the same Discipline.

RELAY CONTESTS (see also Rules 278 to 285)

Butcher's Block (one Competitor at a time)

139. The first Competitor commences the chop by opening a Scarf and cutting into the log to approximately half way through, during which time the Competitor's partner Competitor must remain in a neutral area as defined by the Committee. Upon completion of their cut, the first Competitor must retire to the neutral area. The partner Competitor then commences cutting by opening a Scarf on the opposite side of the log and cutting until the log is completely severed, during which time the first Competitor must remain in the neutral area. Circumferential cutting of the block is prohibited.
140. Once the partner Competitor has commenced cutting, the first Competitor must not cut or touch the log. Breach of this Rule will result in Disqualification of both Competitors.

Butcher's Block (two Competitors at a time)

141. The two Competitors may cut the log either alternatively or simultaneously from both sides or, when the block is greater than 500mm in diameter, simultaneously on the same side.
142. A Competitor must not, in the Committee's opinion, intentionally split the top or bottom of the Scarf. Breach of this Rule will result in Disqualification of both Competitors.

Team Relay

143. Teams of Competitors shall be as approved by the Committee. Each team must appoint a team captain.
144. During the contest, the team captain may stand adjacent to the next Competitor to cut and as soon as the previous Competitor has completed the cut, tell that Competitor to commence cutting. If a Competitor commences cutting before the previous Competitor has finished cutting, or the team captain tells the Competitor to start cutting before the previous Competitor has completed the cut, the team is automatically Disqualified.
145. Prior to completion of the second last cut, the team captain must move to their cutting position. The team captain must not commence cutting until the previous team Competitor has completed the cut. Should the team captain start cutting before the previous Competitor has completed the cut, the team is automatically Disqualified.

146. Except for the team captain, all team members must remain at their respective blocks after they have completed their cut until the last cut has been completed.
- a. Where, in a team relay event, all blocks are of the same diameter, those blocks may be drawn in team lots and placed by the team in any position.

COMBINATION CONTESTS

147. In a single man contest, the Competitor must cut 2 logs each: one Underhand and one Standing Block. The Underhand must be cut first and immediately that log is completely severed, the Competitor must cut the Standing Block. After commencing to cut the Standing Block, the Competitor cannot return to the Underhand log.
148. In a two man combination, the first Competitor must cut the Underhand log first and if both Competitors are using the same axe, immediately that log is completely severed, the first Competitor must place the axe against a log for the second Competitor to pick up and commence cutting the Standing Block, until it is completely severed. If the Competitors are not using the same axe, the second Competitor must not commence cutting until after the first Competitor has finished cutting.
149. In both single man and two man combinations, the Competitors may set up the logs in any way they choose (provided that the logs are of the same diameter), except that in the interests of safety, the Judge or the Official in Charge may direct the Competitors to re-position the logs.
150. Rules 133 to 137 apply to combination contests.

AXE THROWING

151. The axe must be double bitted (two cutting edges), weigh 1.25kgs and be of a length (including the axe head) of 61cm. The axe blade must not exceed 15.3cm in any dimension.
152. The target must be between 750cm and 910cm in diameter and have 5 scoring areas: a bull's eye of 100mm in diameter, next an inner area of 100mm surrounded by 3 ringed areas adjusted according to the diameter of the target. Consecutively outwards, the scores are bull's eye 5, then 4, 3, 2, 1.
153. Measured from the centre of the bull's eye, the target must be 1.5m from the ground.
154. A Competitor must stand no less than 6.1m from the target.
155. Depending on the number of Competitors, this contest may comprise a single Event or two preliminary heats followed by a final Event.
156. (a) In the preliminary heats, scores from the heats are added, with the ten highest scorers going into the final Event.
- (b) If 2 Competitors have the same score, they are each to have one additional throw (in the order they have been competing), with the highest scorer winning.
157. Prior to commencement of the contest, each Competitor is allowed one practice throw at the target. Any further practice throws at the target will result in automatic Disqualification.
158. Following the practice throw (if availed of), the Competitor has 3 scoring throws per round. The leading edge of the axe is the scoring edge; the axe must remain in the target until inspected by the Judge. If the axe fails to stay in the target and falls to the ground, before inspection by the Judge, no score is awarded.

159. The leading edge of the axe need only break the outer line of any scoring area for that area to be counted as the score. If both edges of the axe stick into the target, no score is awarded.

CHAINSAW CONTESTS

160. In respect of any Chainsaw Event, and any Open Hotsaw Event, if there is any inconsistency between Rules 161 to 200 and any other Rule, Rules 161 to 200 prevail to the extent of the inconsistency.

Entries

161. A person is not eligible to enter a Chainsaw Event unless the Entry Form is accompanied by a copy of a document that certifies that the person has been formally accredited or licensed by an appropriate organization to use a Chainsaw. The Committee has complete discretion to assess the appropriateness of the accrediting organization.

Competition requirements

162. Whilst competing in a Chainsaw Event, a Competitor must wear:

- (a) tight fitting clothing;
- (b) long trousers and safety chaps;
- (c) head, eye and ear protection;
- (d) steel capped safety boots;

all of which must be marked with an Australian Standards mark to indicate suitability for use when operating a Chainsaw.

163. A Competitor who does not comply in all respects with the requirements of Rule 162 is automatically ineligible to compete in the Chainsaw Event in question.
164. It is the responsibility of the Competitor to ensure that when the Chainsaw is in use, no wood or shavings is ejected such that it could hit another person. It is the responsibility of the Committee to take steps, including if appropriate the provision of screens, to facilitate the Competitor's compliance with this Rule.

Chainsaw requirements

165. All Chainsaws used, or intended to be used in a Chainsaw Event must:

- (a) be in good working order and condition;
- (b) have a complete sprocket cover, no loose handles or broken components;
- (c) have a chain catcher;
- (d) when not in use, have a bar cover over the chain and bar.

Chainsaw use

166. Except when undertaking Maintenance, no person may start, or attempt to start, a Chainsaw in any place other than in the Arena and adjacent to the block intended to be cut.
167. A Chainsaw may only be started by a person who is attired as described in Rule 162.

168. Chainsaws must only be started whilst placed on the ground. Any Competitor who performs, or attempts to perform, a drop start in the Arena is automatically disqualified from the Chainsaw Event in question.
169. Maintenance of a Chainsaw may only be undertaken in an area outside the Arena that has been nominated by the Committee for such use.
170. When using a Chainsaw, the Competitor must at all times:
 - (a) be in full and complete control;
 - (b) hold both handles in a firm grip with the hands, thumbs and fingers;
 - (c) ensure that no person is near or in the vicinity of the Chainsaw such that injury could be sustained by that person.
171. Only a Competitor may hold an operating Chainsaw. Other than when immediately adjacent to the block intended to be cut, a Competitor must not walk whilst holding an operating Chainsaw.
172. Only a single Competitor may use a Chainsaw. Competitors in an Event must use the same Chainsaw throughout that Event.
173. A Chainsaw may not be used in an Event unless, prior to the commencement of the Event, that Chainsaw has been inspected by the Official in Charge, or his delegate, and approval to use the Chainsaw for that Event has been provided.

Chainsaw Speed Events

174. A final call will be made 2 minutes before the start of each Event. A Competitor not present at the designated place in the Arena at the Start Time is automatically Disqualified from that Event.
175. The starting method for an Event will be as nominated by the Official in Charge.
176. In the event of a mechanical fault in the Chainsaw at the start of an Event, the Official in Charge has the discretion to stop the Event and allow up to 3 minutes for the fault to be rectified. Upon the expiration of the period allowed for rectification of the fault, the Event must be re-started, If the fault has not been rectified within the time allowed, the Competitor must immediately leave the Arena.
177. A Competitor who has qualified for a semi-final, or a final of an Event must use the same Chainsaw (with the same chain) for the semi-final and the final of that Event as was used previously in the heat for that Event . This Rule does not prevent a Competitor from sharpening the chain, or adjusting the tension of the chain, before the semi-final and/or the final of the Event.
178. The cutting procedure and sequence must be as follows:
 - (a) 3 full discs are to be cut from the block by the Competitor;
 - (b) The distance of 10cm (4 inches) is to be marked on the block in pen or chalk (except in the case of a Hotsaw Event, where the distance marked must be 15cm (6 inches).
 - (c) The block marking as per (b) must be visible around the entire block.
 - (d) Except as provided in (b) and (c), no other marking is allowed on a block;

- (e) At the start, the Competitor must first pierce (through the centre) the top of the block, cut down and then up for the first disc, then cut down for the second disc and then cut up for the third disc;
- (f) if a disc has not been completely severed from the block, the Competitor must complete the cut from the same direction as that cut originally started from.

Hotsaw Events (for Open Hotsaw Events, see rules 187 to 200)

- 179. The cutting procedure and sequence must be as follows:
 - (a) The Competitor must first bore through the block, hitting the marked line on both sides of the block;
 - (b) On completion of (a), the Competitor must then cut down and then up to complete the cut for the first disc. The second disc must be cut from above the block and down, and the third disc from underneath the block and up.
- 180. Fuel used for a Hotsaw must not include any alcohol or any substance which burns with a flame not readily visible to the eye.

Stocksaw Race

- 181. The cutting procedure and sequence will be as provided in Rule 178 above.
- 182. At an Event, a Stocksaw may only be used by a single Competitor: swapping of Stocksaws is prohibited.

Operator's race

- 183. All Competitors must use identical Chainsaws that have been supplied by the same manufacturer, retailer or sponsor.
- 184. The allocation of a Chainsaw to each Competitor will be in accordance with a ballot conducted and drawn by the Committee.
- 185. The procedure and sequence will be as provided in Rule 178, or as otherwise determined by the Committee.

General

- 186. Rules 161 to 185 are binding in respect of all Chainsaw Events and Competitions and no SAA or Local Association, seeking to conduct, or in fact conducting, a Chainsaw Competition may make any rule, or adopt any practice or procedure, that is inconsistent with those Rules. However, this does not prevent any such SAA, or Local Association from adopting any rule in respect of a Chainsaw Competition that is not inconsistent with those Rules and which enhances safety.

OPEN HOTSAW COMPETITIONS

- 187. An Open Hotsaw may be configured in such manner as the Competitor chooses, but may have only 1 cylinder (or rotor), must be equipped with a tuned exhaust system, a sprocket cover and a chain keeper, and there must be no alteration to the chain side strap.
- 188. Prior to the commencement of any Open Hotsaw Event, all Open Hotsaws intended to be used in that Event must be presented for inspection by the Official in Charge, or his delegate.
- 189. An Open Hotsaw may only be used in an Event if, following the inspection provided for in Rule 188, permission has been granted by the Official in Charge or his delegate. The Official in Charge must not grant that permission unless he has been advised, in writing,

by a suitably technically qualified and experienced independent person that the Open Hotsaw is safe to use. Nonetheless, the decision whether or not to grant permission is wholly at the discretion of the Official in Charge (or his delegate, as appropriate) and must not be called into question by a Competitor.

190. No person may make any modification of any kind or description to an Open Hotsaw after inspection as provided in Rule 188 unless directed to do so by the Official in Charge or his delegate.
191. At all times when carrying, testing or operating an Open Hotsaw, a Competitor must be wearing safety protection equipment that is appropriate in the circumstances, including at least eye and ear protection and chaps or pants that are cut proof. The Official in Charge (or his delegate) may direct that a Competitor comply with any requirement which the Official in Charge, or his delegate, considers is desirable in the interests of safety.
192. When operating an Open Hotsaw, a Competitor's hands must be placed in such a way so that the Competitor's fingers (not the thumb) of each hand break the plane of a line drawn longitudinally down the centre of the block.
193. An Open Hotsaw may only be started and operated in the area designated for that purpose by the Committee, which area must include safety screens of no less than 600 x 1500 positioned in such a way as to protect persons in the area from impact of shavings thrown during operation of the Open Hotsaw.
194. At all times when an Open Hotsaw is operating, it must be held and must be pointing in a manner and direction that is safe for all Competitors and other persons in the vicinity.
195. In an Open Hotsaw Event, the block must be marked with a line drawn around the entire block, approximately 6 inches (15cm) from the end of the block. If during the conduct of the Event the line is severed or the Competitor cuts on the other side of the line, the Competitor is Disqualified.
196. For the start, a starter cord tether must be used where the Open Hotsaw has a detachable starter cord. If a second starter cord is required, a tether is not required, but the second starter cord must remain within the area defined by the safety screens, failing which the Competitor is Disqualified.
197. Prior to commencement of the warm up for the Event, all persons, other than the Competitor, must vacate the area in which the Event will take place, and must stay in such position as may have been nominated by the Committee for that purpose.
198. A period of 60 seconds will be allowed for warming up an Open Hotsaw. Immediately following that period of 60 seconds, the Open Hotsaw must be shut off, placed on the ground, and the Competitor's hands must be resting on the top of the block until such time as the starter's gun is fired (or other signal to start is given).
199. The start of the Event will be announced as follows: "Timers ready, Competitors ready, 60 seconds to warm up starts now, 30 seconds, shut down saws, hands on the block, get set". The gun will be fired, or other signal to start given, 1 to 2 seconds after the words "get set", at which point the timer starts.
200. The Competitor must make 3 complete cuts of the block: first cut down, second cut up, third cut down. If a disk is not complete, the Competitor may make a fourth cut, either up or down. If there are not 3 complete disks, the Competitor is Disqualified. The timer stops when the last disk is completely severed.
201. Rules 187 to 200 are binding in respect of all Open Hotsaw Events and Competitions and no SAA or Local Association, seeking to conduct, or in fact conducting an Open Hotsaw Event or Competition may make any rule, or adopt any practice or procedure, that is inconsistent with those Rules. However, this does not prevent any such SAA or Local

Association from adopting any rule in respect of an Open Hotsaw Competition that is not inconsistent with those Rules and which enhances safety.

PROTESTS

202. Subject to these Rules, a Competitor directly affected by the placings in any Event may lodge a Protest. A Protest may be lodged verbally or in writing, but a verbal Protest must be confirmed in writing if so required by the Official in Charge. **Where the competitor is a Junior, he/she may be accompanied by a parent or guardian.**
203. All Protests must be accompanied by a fee of \$50 (or such greater amount as the Committee may have announced prior to the Competition). If the Protest is upheld, the fee is returned; if the Protest fails, the fee is forfeited.
204. All Protests must be made to the Official in Charge, or his deputy, either before, or within 10 minutes of, the public announcement of the placings in the Event. Late Protests will not be accepted.
205. The Committee will consider the Protest and announce its decision as soon as practicable. Where there is Technology in use which would assist the consideration of the Protest, it is to be used. The Committee's decision in relation to the Protest is final.
206. No person, other than the Committee and the Judge, is allowed into any area where they may see any equipment used in the judging process. Breach of this Rule may be penalized in such manner as the Committee sees fit, including relegation of the Competitor to last place in the Event in respect of which this Rule was breached.
207. Despite Rule 206, but only after any Protest has been determined, the Competitor who has lodged the Protest in question may, at the Committee's discretion, be permitted to view the video recording of the Event. **Where the competitor accompanied by a parent or guardian, the parent or guardian may also view the video.**

TIMING

208. Timing of all Events must be to the nearest one hundredth of a second.

LOG INSPECTION AFTER CUTTING

209. At the end of each Event the Judge and an Official will inspect each log for compliance with these Rules. They will then signal that everything is in order, or not. If the inspection reveals a breach of these Rules, which could affect the placings, the Official in Charge must then be so advised. The Judge and the Official in Charge must then determine whether or not the Rules have been breached and in doing so, may have regard to what is revealed by any Technology recording of the Event.

JUDGING

210. Each Event is initially judged visually by the Judge, who will then provide his assessment of placings to the Official in Charge or his deputy. If there is more than one Judge and they have differing opinions as to the placings, the matter must be referred to the Official in Charge who will then determine the matter using such Technology as may be available. Subject only to the right of a Competitor to Protest (if permitted by these Rules) and the application of Rule 207, the decision of the Official in Charge will be final and conclusive.
211. If an Event is recorded using Technology, the Judge and the Official in Charge, or his deputy, may have regard to what is shown on the recording in coming to a decision.

PRIZE MONEY

212. If there is prize money payable in respect of an Event, it will be paid in such manner as the Committee decides.
213. If prize money is payable to a Competitor who lives out of Australia, the Competitor assumes the risk of currency fluctuations and of any fees that may be payable in respect of international transfer of funds.
214. In circumstances where GST is, or may be, payable on or in respect of prize money, a Competitor must comply with the requirements of the Committee in respect of GST obligations.

AAA CHAMPIONSHIP RULES

215. A Championship may only be conducted with the prior permission of the AAA and the applicable registration fee paid.
216. All applications for permission to conduct an Australian or World Title Championship must be made by the Secretary of the relevant SAA to the Secretary of the AAA and be accompanied by a copy of the proposed program of Events for the Competition at which the Championship is to be conducted.
217. At the same time as the application is made to the AAA for permission to conduct a Championship, the Secretary of the relevant SAA must also send to each Secretary of all other SAAs a copy of the proposed program of Events, which program must then be circulated by those other SAAs so as to allow intending Competitors not less than a further 45 days in which to enter the Competition.
218. All Australian and World Title Championships must, following the grant of permission from the AAA, be immediately advertised in such manner as the AAA may direct.
219. An application to conduct an Australian or World Title Championship must be made no later than 90 days before the date of the Competition.
220. Permission to conduct a Championship will not be provided unless there will be in place at the Competition suitable Technology which will allow the Events to be accurately recorded.
221.
 - (a) Competitors wishing to compete in a Championship Event must proceed through a series of heats on the day. Only the winners of those heats, and such place getters as the Committee determines, are permitted to compete in the Championship Event. In the case of an Australian or World Title Championship, there must be at least 8 Competitors in the final Event.
 - (b) In the final Event, if any of the finalists were placed in the first 4 places of the Event when last conducted, they should be placed in the corresponding position.
222. An Event to determine an Australian or World Champion may be conducted annually or more frequently as the AAA permits.
223. A Championship will not be permitted unless there is a minimum amount of prize money available for the winner and place getters, as determined by the AAA.
224. It is the responsibility of those conducting a Championship to ensure that logs used in the Championship have been protected from dehydration, are sound and of the same dimension (within applicable tolerances) and are cut from the same tree.

225. Only the following Events are recognized by the AAA as Championships:

Australian Titles

Underhand 275mm, 300mm, 325mm, 350mm, 375mm and 400mm;
Standing block 250mm, 275mm, 300mm, 325mm, 350mm, 375mm and 400mm;
Hard Hitting Underhand 300mm;
Hard Hitting Standing Block 300mm;
Tree Felling 275mm, 300mm and 325mm;
Butcher's Block 500mm and 600mm;
Single Handed Sawing 375mm
Double Handed Sawing 450mm;
Combination (single man and 2 man) 250mm, 275mm and 300mm;
Jack and Jill 375mm
Jill and Jill 375mm
Ladies' Underhand 275mm
Junior Underhand and Standing Block 250mm
Hot Saw
Under 21 300mm Standing Block

World Titles

Underhand 300mm, 325mm, 350mm and 375mm;
Standing block 300mm, 325mm, 350mm and 375mm;
Combination 250mm , 275mm and 300mm;
Tree Felling 325mm;
Single Handed Sawing 375mm
Double Handed Sawing 600mm.
Hot Saw
300mm Tree Felling
300mm Underhand Elimination
300mm 2 Man Combination (underhand & standing)
275mm Ladies Underhand
375mm Jack & Jill Sawing

Local Association Championships

226. Local Association Championships may be conducted not more frequently than annually by a Local Association which may be either Open or Restricted.
227. Any person may enter an Open Local Association Championship.
228. A Restricted Local Association Championship may be entered only by persons who meet the restrictions as defined by the Committee conducting the Competition.
229. The Committee conducting a Local Association Championship must ensure that no later than 2 months before the date on which the Championship is to be conducted:
- (a) the Competition is widely advertised in print media circulating within the relevant Area;
 - (b) the AAA and the relevant SAA have been notified in writing of the proposed Competition.

State Championships

230. A State Championship may be conducted as frequently as the relevant SAA determines.
231. Any person may enter an Open State Championship.
232. A Restricted State Championship may be restricted to 32 (or a lesser number) of Backmarkers.

233. The SAA conducting a State Championship must ensure that no later than 2 months before the date on which the State Championship is to be conducted:
- (a) the Competition is widely advertised in print media circulating within the relevant State;
 - (b) if the Competition is wholly or in part a Restricted Competition, full details of the applicable restrictions are included in that advertising.
234. In the case of a Competitor at a State Championship who is not normally resident in the State in question winning an Event, that Competitor may receive any applicable Award, but shall not be eligible for, and shall not be awarded, any points for any Champion of Champions Competition within that State.

Elimination Championships

235. Elimination Championships may be cut on any size log (permitted by Rules) and cut as an Underhand or Standing Block Event.
236. The Event shall be restricted to the top 16 or the top 24 (as the Committee may decide) Competitors on handicap at the start of the day.
- a. On the next occasion it is contested, the first 4 place getters in that preceding year are automatically entitled to compete in the event in the following year and will be ranked in the same position as they attained in the event in the preceding year.
237. The Event shall be cut in pairs, with the top ranked Competitor competing against the lowest ranked (ie no. 16), the second ranked competing against the second lowest (ie no. 15) and so on.
238. At the discretion of the Committee, any reserves shall be slotted into the same position as the Competitor the reserve is replacing, regardless of the reserve's handicap ranking. If there are not enough reserves such that all Competitors cut in pairs, the single Competitor must cut alone to be considered for eligibility in the ensuing round.

Recognised competitions by Promoters

239. Any Promoter that wishes to conduct a Competition in which the results of Championship Events will be recognized by the AAA and SAAs must comply with Rules 240 to 242 below.
240. Not less than 3 months before the date on which the Competition is to be conducted, the Promoter must apply in writing to the SAA of the State in which the Competition is to be held, which application must include the following information:
- (a) the name and address of the person(s) responsible for the Competition;
 - (b) the intended date and venue for the proposed Competition;
 - (c) full particulars of the area in which the Competition is to be conducted, including the size of that area, the equipment intended to be used to secure the logs for chopping, facilities for spectators (including parking) and measures to be taken to ensure safety for Competitors and spectators;
 - (d) the species of timber intended to be used, its source and the name and address of the person responsible for supplying the timber;
 - (e) the names and addresses of all persons who constitute the Committee in respect of the Competition;

- (f) full particulars of all Awards that may be awarded in respect of Events at the Competition;
 - (g) the source and total amount of money available to fund the holding of the Competition;
 - (h) any other information that the SAA may require.
241. The SAA may in its discretion and without assigning any reason, withhold permission for the conduct of the Championship Event.
242. If the SAA approves the Championship Event, the following applies:
- (a) an authorized representative of the relevant SAA must be present at the Championship Event;
 - (b) immediately following the announcement of the winner and place getters of a Championship Event, the Promoter must supply that representative with written confirmation thereof, together with their times of cut;
 - (c) the authorized representative will arrange for that information to be included in the AAA's record of Champions.
243. The result of a Championship Event that has not been conducted in strict compliance with Rules 240 to 242 inclusive will not be recognized by the AAA.

DIMENSIONS AND SPACING RECOMMENDATIONS

244. The dimension and spacing provisions set out below are recommended minimums, having regard to the issue of safety. If a Committee considers that in the particular circumstances greater spacing should be provided, then the Committee should do so.
245. The Arena should be of such a size that it can accommodate all of the equipment that will be required for the Competition. The boundary of the Arena should be delineated in such a manner that indicates the line behind which those observing the Competition should remain.
246. Equipment used for Standing Block Events should be (if practical) no less than 4m apart and from the boundary of the Arena, and no less than 600mm high above ground level.
247. Equipment used for Underhand Events should be (if practical) no less than 3m apart and 4m from the boundary of the Arena, and hold the log between 100mm and 150mm above ground level.
248. Equipment used for Sawing Events should be no less than 4m apart and 2m from the boundary of the Arena and, where practical, adjustable in height above ground to suit the particular Competitor.
249. Trees should be in a line and be no less than 4m apart and (if practical) 5m from the boundary of the Arena. The top of a three board tree pole (excluding the log to be chopped) should be at least 3.9m above ground level. The top of a 2 board tree pole should be no less than 2.9m above ground level.

THE COMMITTEE

250. The Committee is:
- (a) responsible for the running and organization of the Competition;
 - (b) empowered to do all things necessary or desirable to that end:

- (c) subject to these Rules, the final arbiter on any matter arising in relation to the Competition.
251. The following Officials may be appointed by the Committee:
- (a) An Official in Charge (who may also be styled Chief Steward or Steward in Chief) who is responsible to the Committee for the conduct of the Competition and the apportionment of tasks to other Officials;
 - (b) Stewards in respect of the logs (to ensure that the quality, quantity and size of the logs are in conformity with these Rules) and the Arena (to ensure the proper conduct of Events in conformity with these Rules and the requirements of the Committee);
 - (c) Starters and Check Starters and such other stewards as the Committee considers are required for the purpose of the smooth running of the Competition;
 - (d) Judges as may be required for the Competition.

ROLE OF OFFICIALS

252. The role of an Official is to undertake the tasks assigned by the Committee or the Official in Charge.
253. An Official must not provide any advice or guidance to a Competitor in respect of any matter which could give that Competitor an advantage over other Competitors

CONDUCT AND DISCIPLINE (at Committee and SAA level)

254. The Committee is empowered to deal with all breaches of these Rules in such manner as the Committee deems fit. Other than providing an opportunity to be heard in respect of an alleged breach of the Rules, the Committee is not bound by any rules of procedural fairness and may:
- (a) obtain evidence in such manner and from such persons as the Committee sees fit;
 - (b) have regard to hearsay evidence, provided such evidence is corroborated by other evidence;
 - (c) undertake its deliberations in such manner and at such times and places as the Committee considers appropriate;
 - (d) conduct its business by means of electronic communication and without meeting;
 - (e) determine any penalty without first giving the person concerned an opportunity to be heard in respect of penalty.
255. Any person who, whether present at a Competition, or not, acts in breach of these Rules, may be dealt with by the Committee.
256. At a Competition all persons must:
- (a) conduct themselves in a polite, civil manner;
 - (b) obey any direction given by the Committee or an Official;
 - (c) comply with these Rules;
 - (d) not be unruly, or cause or contribute to any dissent or argument over any matter relating to an Event or the Competition;

- (e) a Competition must not compete with any alcohol in the bloodstream, nor consume any alcoholic beverage until after the competitor has competed in his last event for the day in question.
 - (f) not within 72 hours of the start of, or during, a Competition take or consume any drug, whether or that drug may affect the Competitor's performance, unless:
 - (i) that drug has been prescribed by a medical practitioner and a copy of the prescription has been provided to the Committee before the Competitor competes in any Event;
 - (ii) in the case of a drug that has not been prescribed by a medical practitioner, particulars have been provided to the Committee before the Competitor competes in an Event, and
 - (iii) in the case of each of (i) and (ii) above, the Committee is of the opinion that the Competitor should be allowed to compete.
 - (g) not deceive, or in any way attempt to deceive, the Committee or any Official at the Competition;
 - (h) strictly adhere to the Code of Conduct;
 - (i) and whether or not at a Competition, not, by their words or actions, denigrate or bring into disrepute the AAA, any SAA or any Local Association, or any person, connected in any way with the sport of woodchopping and sawing.
257. A person is deemed to have breached Rule 256(a) if that person conducts himself in an unacceptable manner. Unacceptable conduct includes, without limitation, bad or unseemly language, denigration of other persons, displays of temper, mistreatment of an axe or saw, throwing anything, dropping anything to the ground from a height above ground level, unjustified complaint concerning the timber, the timber supplier or any Official, and any other conduct which in the opinion of the Committee is contrary to the interests of the sport of woodchopping and sawing.
258. Conduct in breach of Rule 256(a) will incur an immediately payable fine of \$50 plus such other additional penalty that the Committee in its discretion may decide to impose.
259. If at any Competition a Competitor breaches Rule 256(a) on more than one occasion, a fine of \$100 in respect of each breach after the first, is immediately incurred and payable, plus such other additional penalty that the Committee in its discretion may decide to impose.
260. A Competitor who has been fined as provided in Rules 258 and 260 is Disqualified from further competing at the Competition until the fine has been paid.
261. If during the course of a Competition, or a series or number of Competitions, a Competitor acts in breach of any of the provisions of Rule 256, on more than 3 occasions, the relevant Committee:
- (a) may declare the Competitor ineligible from further competing at that Competition, and/or any subsequent Competition conducted by the Committee, for such period as the Committee sees fit;
 - (b) must promptly inform the relevant SAA and the AAA of the circumstances.
 - (c) In circumstances where a Competitor has, during a series of Competitions, in the opinion of the relevant Committees, acted in breach of any of the provisions of Rule 256, the SAA may declare the Competitor ineligible to enter or compete in any Competition for a nominated period (not exceeding 25 years in duration). There is no appeal from a decision of the SAA on this issue.

262. When imposing a penalty for a breach of any of these Rules, the Committee shall have an unfettered discretion to impose such penalty as it considers appropriate in the circumstances, which may comprise or include a monetary fine, suspension or cancellation of membership, Disqualification, a declaration of ineligibility from entering or being present at any Competition, or any combination of the foregoing.
263. Where the Committee has found that a Competitor has breached any provision of Rule 256, the Committee must promptly notify the Secretary of the relevant SAA, the Secretary of the AAA and all other members of the AAA.

Appeal from decision of a Committee

264. Any person who has been found by a Committee to have breached Rule 256 in any respect may within 14 days (time being of the essence) of such finding appeal to the committee of the relevant SAA against the finding, save that no appeal is available unless:
- (a) the person was denied an opportunity to be heard as provided in in Rule 254; or
 - (b) there exists new evidence which was not available and could not have been placed before the Committee.
265. An appeal under Rule 264 must be in writing and lodged with the Secretary of the relevant SAA, accompanied by a copy of all documents in the possession of the person concerned that were before the Committee.
266. The committee of the SAA has the discretion to not accept the appeal, if it considers, on the basis of the papers before it, that Rule 254 has been substantially complied with and the decision of the Committee was correct.
267. Subject to Rule 268, an appeal to the SAA under Rule 264 must be dealt with by the committee of that SAA (excluding therefrom any member of the committee who is a member of the Local Association in respect of whose Committee the appeal is brought) within 30 days of the appeal being lodged with the Secretary of that SAA. If not dealt with within 30 days, the appeal is deemed to have been allowed.
268. An appeal to the committee of the SAA is not a re-hearing and must be restricted to determining the issues raised as permitted by Rule 264.
269. The outcome of any appeal , must be promptly notified to the appellant and to the Secretary of the AAA and all other members of the AAA.

DISCIPLINARY ROLE OF THE AAA

270. In circumstances where:
- (a) a SAA, a Local Association or any responsible person has referred a matter relating to the conduct of a person to the AAA to be dealt with by the AAA; or
 - (b) the conduct in question has occurred at any time whilst the person concerned is a member of a team representing Australia or any State of Australia; or
 - (c) any axemen's association within a country other than Australia has referred a matter relating to the conduct of a person whilst in that country to the AAA to be dealt with by the AAA,

the AAA has jurisdiction to investigate, adjudicate, penalize and otherwise deal with the person allegedly engaged in that conduct or any person associated with that person in connection with that conduct.

271. In dealing with a matter so referred to the AAA, the President of the AAA shall nominate persons - including at least one of the Vice Presidents and the Secretary/Treasurer but not exceeding 7 in number, who shall constitute the AAA for the purpose of dealing with the matter.
272. In so dealing with a matter, the AAA may (but is not obliged to) adopt the procedures in Rule 254 and otherwise may conduct itself and reach decisions in such manner as it considers appropriate.
273. There is no appeal from any decision of the AAA pursuant to Rule 270.
274. The decision of the AAA, and the circumstances that are the subject of that decision, must be promptly notified by the AAA Secretary/Treasurer to each member of the AAA and each member of the AAA must then promptly notify each Local Association within the relevant State.

DISPUTES COMMITTEE

275. The Committee has the discretion to authorize the establishment of a Disputes Committee. If so authorized, a Disputes Committee may be established prior to, or during, the conduct of a Competition. The Disputes Committee will comprise one member of the Committee, an Official with responsibility for the Arena, and 2 representatives of the relevant SAA. The names of the persons who are members of the Disputes Committee will be made known by public notice, or announcement, as soon as practical following its establishment.
276. The role of the Disputes Committee is to informally and without delay conciliate any issues or complaints raised by Competitors, relating to the Competition. If any matter cannot be resolved by the Disputes Committee, it will be reported to the Committee for further attention.

MEDIA EXPOSURE

277. By entering a Competition, Competitors agree that the Committee, or a person authorized by the Committee, has the right to film, photograph or otherwise record the image, appearance, name, voice and likeness of the Competitor and to use that material in any way and in any media (and without the Competitor having any right of prior inspection or approval). Each Competitor warrants to the Committee that the use of such material in any manner as contemplated by this Rule will not infringe the rights of any other person.

RESPONSIBILITY FOR POSSESSIONS

278. Competitors are solely responsible for the security of their own possessions and neither the Committee nor any other person in any way connected with the organization or conduct of the Competition accepts any responsibility for lost, mislaid or stolen property.

RELAY COMPETITIONS - ADDITIONAL RULES

Interstate and Overseas Team Relay Contests

279. This Event (Underhand and Standing Block) shall comprise teams of 6 Competitors including a captain as approved by the Committee. The procedure for cutting shall be as in a Combination Contest (see Rules 147 to 150).
280. Teams medley relay Events shall consist of 4 teams of 7 Competitors as approved by the Committee. Unless otherwise determined by the Committee, Competitors must cut in the following order: Butcher's Block, Underhand, Double Handed Sawing, Standing Block and Tree Felling.

International Relays

281. The men's international relay team shall consist of 7 Competitors including a captain and will be run over 3 contests and consist of and be cut in the following order: 325mm Underhand, 325mm Standing Block, 375mm Single Handed Sawing, 500mm Double Handed Sawing, 325mm Underhand and 325mm Standing Block. At the discretion of the Committee, the team may be increased to 8 Competitors by the addition of a Competitor using a Chainsaw
282. The women's international relay team shall consist of 7 Competitors including a captain and will be run over 3 contests and shall consist of and be cut in the following order: 275mm Underhand, 375mm Double Handed Sawing, 325mm Single Handed Sawing, 375mm Double Handed Sawing and 275mm Underhand.
283. The under 21 international relay team shall consist of 7 Competitors including a captain and consist of and be cut in the following order: 300mm Underhand, 300mm Standing Block, 350mm Single Handed Sawing, 400mm Double Handed Sawing, 300mm Underhand and 300mm Standing Block.

Under 21 Interstate Relay

284. The under 21 interstate relay shall consist of 7 Competitors including a captain and will be run over 3 contests and shall consist of and be cut as provided in Rule 267. .

285. Veterans Relay

286. The veterans relay shall consist of 9 Competitors including a captain and will be run over 3 contests and shall consist of and be cut in the following order: 300mm Underhand, 275mm Standing Block, 350mm Single Handed Sawing, 300mm Underhand, 275mm Standing Block, 450mm Double Handed Sawing, 300mm Underhand and 275mm Standing Block.

Area Association Relay

287. This Event shall comprise a team of 7 Competitors including a captain and shall consist of and be cut in the following order: Butcher's Block, Underhand, Double Handed Sawing, Standing Block and Tree Felling.

288. COMPETITIONS CONDUCTED BY A ROYAL SHOW SOCIETY

Additional Rules that may apply

289. At a Competition conducted by a Royal Show Society, there may be additional rules that apply in respect of matters such as conduct, behaviour and discipline, access to areas, Arena arrangements and control, prohibited drugs (and testing for them). All Competitors at such a Competition are bound by any such additional rules, as well as these Rules.

DEFINITIONS

AAA means the Australian Axemen's Association.

Arena means that part of the area in which the Competition is conducted from which the public is excluded and in which Competitors are to compete.

Area means the area in respect of which an association or club, not being a SAA, defines itself.

Award means any ribbon, prize (whether or not in cash), trophy or other benefit that a Competitor may be eligible for as a result of an Event or a Competition.

Australian Team means a team that has been selected by the AAA to compete in a Competition intended to be held outside of Australia.

Axemen's Association means an association that is a member of the AAA and referred to in these Rules as a State Axemen's Association (SAA)

Backmarker means the last person in a handicapped Event to commence cutting.

Chainsaw means any chainsaw that:

- (a) is a standard chainsaw as sold to the general public, and
- (b) does not exceed 110cc in power capacity,
- (c) has not been modified in any way, and

unless otherwise required by the context, includes a Hotsaw.

Chainsaw Event means any Competition which comprises, or includes, a Chainsaw contest involving the use of a Chainsaw or a Hotsaw.

Championship means an unhandicapped (ie all competitors start on same mark) event in which the winner is described as a champion.

Code of Conduct means the Code that is set out in Schedule One to these Rules and includes any Code of Conduct from time to time published by the Australian Sports Commission.

Committee means the committee responsible for the organization and conducting of a Competition, and any decision or discretion of the Committee referred to in these Rules may be exercised in such manner as the Committee deems fit.

Competition means any Event, or combination of Events, or carnival, in which a Competitor intends to, or does, compete.

Competitor means a person who has entered a Competition and, where applicable, includes a person competing at Junior or Novice level;.

Deputy means a person who is a member of Local Association who is by these Rules permitted to undertake a task at the request of a Competitor.

Discipline means each of the following: Underhand, Standing Block, Tree Felling, Single Handed Sawing and Double Handed Sawing.

Disqualified and **Disqualification** mean (unless otherwise decided by the body imposing the Disqualification) that the Competitor (or, where applicable, the team) is disqualified from competing in the Event or Competition in which, or in respect of which, the Disqualification was imposed. Disqualification may (but need not) be signified by the placement of a red flag on the log (or, in the case of a tree, at the foot of the tree) after the Competitor has finished chopping or sawing.

Dress means the attire specified in Rule 37 and, if applicable, Rule 97.

Entry Form means the document, by whatever name called, which a person is required to complete and submit as a prerequisite to competing in a Competition.

Equipment means the devices (sometimes called cradles) that are used to hold a log, or tree, in position for cutting.

Event means a woodchopping or sawing or chainsaw contest. An Event may comprise a single contest, or a contest that is divided into classes, divisions, heats, semi-finals and finals, or as determined by the Committee.

Handicapper means that person appointed by a Committee to grade Competitors in accordance with their inherent ability, skills, experience and performance and apply a handicap.

Hotsaw means a Chainsaw that:

- (a) may be either single or twin cylinder;
- (b) does not exceed 140cc in power capacity (or has been modified so that it has 140cc power capacity (but no more));
- (c) retains the original engine as installed by the manufacturer.

Judge means the person appointed by the Committee to decide the winner and place getters in an Event.

Junior means a person who has not attained the age of 18 years as at the date of the Competition in which the person seeks to compete.

Junior Event mean an Event at which only Juniors may compete

Local Association means any club, district or local association the members of which are involved in or with the sport of woodchopping and sawing and which is a member of a SAA;

Maintenance means checking, repairing and testing a Chainsaw or Hotsaw for the purpose of ensuring that it is safe to use and otherwise complies with these Rules

Month means a calendar month.

Novice means a Competitor who has not won an Open Event in the Discipline in question.

Official means any person appointed as such by the Committee in respect of a Competition (and includes a Judge and each member of the Committee).

Official in Charge means the Official who has been appointed by the Committee to have overall responsibility for the conduct of the Competition and where applicable includes any Official to whom the Official in Charge has delegated a role, task or responsibility.

Open Event mean an Event in which any person may compete.

Open Hotsaw means a chainsaw that has been modified, or built, in such a way that it does not fit into the categories of Chainsaw or Hotsaw.

Person includes a firm, a partnership and an incorporated entity.

Promoter means any person or organization other than the AAA, a SAA, a Local Association or a Royal Show Society.

Protest means to dispute the placings in an Event in the manner provided in Rule 183ff.

Restricted Event means an Event in which there is some restriction placed on either the axe, or on some other aspect of the Event.

Royal Show Society means any and each of Royal Agricultural Society of New South Wales, Royal Agricultural Society of Victoria, Royal National Agricultural and Industrial Association of Queensland, Royal National Capital Agricultural Society, Royal Agricultural & Horticultural Society of SA Inc, Royal Agricultural Society of Tasmania, Royal National Agricultural & Pastoral Society of Tasmania Ltd, Royal Agricultural Society of WA and Royal Agricultural Society of the Northern Territory Inc.

Rules means these Rules.

SAA means a State Axemen's Association that is a member of the AAA.

Secretary means the person who has been elected or appointed to hold that office.

Scarf means the area beneath the surface of a log that is revealed as a result of chopping.

Slab means the portion of a log which is dislodged as a result of a run to a saw cut, foothold or doghold, that exceeds 12mm in its greatest dimension at the saw cut, foothold or doghold end.

Standing Block means the style of woodchopping in which the Competitor stands on the ground and cuts a log fixed in the vertical position.

Start Time means when the Event is due or scheduled to begin and, for the purpose of timing a Competitor, when the axe hits the log and, in a sawing Event, when the saw commences to cut.

State Axemen's Association means any and each of :

- Federation of NSW Axemen's Association Inc.
- Victorian Axemen's Council
- South Australia Axemen's Council
- Queensland Axemen's Association Inc.
- Tasmanian Axemen's Association Inc.
- Axemen's Council of Western Australia.

Stocksaw means a Chainsaw that:

- (a) does not exceed 110cc in power capacity;
- (b) has not been modified from its "as manufactured" state;
- (c) must include a choke, air cleaner, exhaust, side cover and working chain brake, all as provided by the manufacturer.

Technology means any device that has been provided by or at the request of the Committee for monitoring or recording any Event. For the avoidance of doubt, technology of any kind or description that may have been used or provided by anyone other than the Committee is not Technology for the purpose of these Rules.

Tree Felling means the style of woodchopping in which the Competitor ascends a timber pole for the purpose of chopping a log affixed to the top of the pole.

Underhand means the style of woodchopping in which the Competitor stands on footholds to cut a log fixed in the horizontal position

Unrestricted Event means an Event in which there are no restrictions imposed in relation to an axe or the persons who may compete in the Event.

Unregistered Competition means a Competition that has not been registered or approved in accordance with the rules of the relevant SAA.

V cut means the style of wood cutting in which the block is severed predominantly using down blows to the front and back of the block.

Veteran is a person who has attained the age of 60 years.

Wedger means a member of a Local Association who, in a sawing contest, is engaged to place a wedge in a sawcut.

INTERPRETATION

The singular includes the plural and vice versa.

A reference to the male gender includes the female gender (except in respect of an Event that is specifically described as applying to a particular gender).

The words "log" and "block" are interchangeable and refer to the timber provided by the Committee for the Event.

SCHEDULE ONE

Code of Conduct

AAA's Aims

The AAA is committed to fairness, equality and good sportsmanship in the sport of woodchopping and sawing. The AAA's aims are:

- (a) for Competitors to be provided with the best possible environment in which to excel, and
- (b) for Officials and all persons involved in the administration of the sport to discharge their responsibilities in such a manner that Competitors are able to perform at their best.

Purpose of the Code

This Code of Conduct is intended to ensure that appropriate forms of behavior are adopted and remain the norm for all Competitors and other persons connected with the sport of woodchopping and sawing.

Accordingly, this Code is intended to have application to all Competitors and other such persons.

In addition, the Code of Conduct published from time to time by the Australian Sports Commission is deemed to be included in this Code and has application to all Competitors and such persons.

Behaviour Protocols

1. The AAA Competition Rules must at all times be complied with, both in word and spirit and intent.
2. All requests or directions of Officials must be immediately complied with.
3. At all times, all persons must conduct themselves in a polite and proper manner and not in any way that could bring the sport, or any person, into disrepute.
4. All persons must be treated with respect and dignity and with proper regard for their rights and obligations.
5. A Competitor must at all times compete and behave in a sportsmanlike manner and not do or attempt to do anything that may give them an unfair advantage or disadvantage another Competitor.
6. Except in the case of medically prescribed substances, no person may use, or provide to another person, any substance that could affect the performance, or the behavior, of any other person.
7. Alcoholic beverages must not be consumed on any day during which a Competitor will be competing, until after the Competitor has competed in his last Event for that day.
8. Smoking is prohibited:
 - (a) within or in the precincts of the Arena;
 - (b) in any room or area set aside for the use of Competitors at a Competition;
 - (c) whilst the Competitor is dressed in any way that identifies him as a participant in the sport of woodchopping and sawing.
